Tammuz 5779

Rosh Chodesh / The Head of the Month in Temple times was determined by witness observation of the first crescent of the waxing moon, then certification by the Sanhedrin - after certain Biblical definitions were applied; it should not be confused with an exact calculation of the astronomical new moon.

The Holy Sabbath is a twenty-five hour day, borrowing from the sixth day and from the first day. It begins when the sun is reaching the horizon, and ends after complete sunset. It requires preparation before the end of the sixth day. This ancient understanding has prophetic significance seen in Revelation.
